About OZON

Ozon is a leading multi-category e-commerce platform and one of the largest internet companies in Russia. Its fulfillment infrastructure and delivery network have some of the widest coverage among e-commerce players in the country, enabling Ozon to provide Russian population with fast and convenient delivery via couriers, pick-up points or parcel lockers. Its extensive logistics footprint and fast-developing marketplace platform allow thousands of entrepreneurs to sell their products across Russia’s 11 time zones and offer millions of customers one of the widest selections of goods across multiple product categories. Ozon actively seeks to expand its value-added services such as fintech and other new verticals such as Ozon Express online grocery delivery.
